

RENEWEEEX SOLAR EXPO 2027

SOLAR | WIND | ENERGY STORAGE |
GREEN HYDROGEN | SMART GRIDS

 **23 - 24 - 25 APRIL 2027**

 Auto Cluster Exhibition Centre,
MIDC, Pimpri-Chinchwad, Pune,
Maharashtra

www.reneweex.com

**CLEAN ENERGY.
REAL IMPACT.**

ABOUT

Renewweex Solar Expo 2027 is a dedicated business and technology platform focused on the rapidly evolving solar energy ecosystem. The exhibition brings together leading manufacturers, technology providers, EPC companies, distributors, dealers, project developers, investors, system integrators and energy professionals under one roof.

The 3rd Edition of **Renewweex Solar Expo** is designed to provide an ideal platform for companies to showcase their latest products, technologies and solutions while connecting directly with potential customers, business partners and industry decision-makers. The exhibition aims to create meaningful opportunities for business networking, lead generation, technology discovery, knowledge exchange and strategic partnerships across the solar energy value chain.

With India's clean-energy transition creating new opportunities across manufacturing, project development, EPC, distribution and energy storage, **Renewweex Solar Expo 2027** offers companies an opportunity to strengthen their market presence and connect with the growing solar-energy ecosystem.

INDUSTRY AUDIENCE

CONNECT WITH THE RIGHT INDUSTRY AUDIENCE

Renewweex Solar Expo 2027 brings together professionals from across the solar-energy value chain, creating opportunities for exhibitors to interact with potential customers, partners, investors and industry decision-makers.

SOLAR & RENEWABLE ENERGY

Solar manufacturers, module manufacturers, inverter companies, battery and storage companies, renewable-energy solution providers and clean-energy technology companies.

PROJECT & EPC COMMUNITY

EPC companies, project developers, system integrators, engineering companies, consultants, installers and O&M service providers.

BUSINESS & DISTRIBUTION NETWORK

Distributors, dealers, channel partners, importers, exporters, procurement companies and technology resellers.

INDUSTRIAL & COMMERCIAL BUYERS

Manufacturing companies, industrial users, commercial establishments, infrastructure companies, facility managers and clean-energy solution buyers.

INVESTMENT & BUSINESS COMMUNITY

Investors, entrepreneurs, business leaders and financial professionals looking for new opportunities in the renewable-energy sector.

TECHNICAL & PROFESSIONAL COMMUNITY

Engineers, architects, consultants, energy professionals, researchers and technical specialists.

WHO SHOULD EXHIBIT?

Reneweex Solar Expo 2027 welcomes companies from across the solar, renewable-energy and clean-technology value chain. If you are part of the following sectors, this is the right platform for you:

Solar Module & PV Manufacturers

Showcase advanced solar modules and PV technologies.

Inverter & Power Electronics Companies

Present innovative power-conversion and energy-management solutions.

Battery & Energy Storage Companies

Connect with businesses looking for storage and battery solutions.

Solar EPC & Project Companies

Meet developers, buyers and project stakeholders.

Mounting Structure Manufacturers

Showcase rooftop, ground-mounted and tracking solutions.

Electrical & Component Manufacturers

Present cables, connectors, protection systems and related components.

Solar Technology & Equipment Companies

Demonstrate innovative equipment and technology solutions.

Monitoring & Software Companies

Showcase digital, monitoring and smart-energy solutions.

O&M & Service Providers

Connect with solar asset owners and project companies.

Distributors & Dealers

Explore new products, brands and business partnerships.

Consultants & Solution Providers

Build relationships with project developers, businesses and industry professionals.

YOUR OPPORTUNITY TO CONNECT, SHOWCASE AND GROW

Whether you are launching a new product, entering a new market or expanding your existing business, **Reneweex Solar Expo 2027** provides a platform to connect with the right industry audience.

EXPLORE THE COMPLETE SOLAR ENERGY ECOSYSTEM

Solar PV & Modules | Inverters & Power Electronics |
Energy Storage & More

SOLAR PV & MODULES

Solar panels, PV modules, bifacial modules, high-efficiency and advanced PV technologies.

INVERTERS & POWER ELECTRONICS

String inverters, central inverters, microinverters, optimizers and power-conversion technologies.

ENERGY STORAGE & BATTERIES

BESS, lithium-ion batteries, energy-storage systems and energy-management solutions.

SOLAR MOUNTING & STRUCTURES

Rooftop and ground-mounted structures, trackers and solar installation systems.

SOLAR EPC & PROJECT SOLUTIONS

Engineering, procurement, construction, installation and complete solar project solutions.

ELECTRICAL COMPONENTS

Cables, connectors, junction boxes, protection systems, switches and electrical components.

ROOFTOP SOLAR SOLUTIONS

Residential, commercial and industrial rooftop solar solutions.

MONITORING & DIGITAL TECHNOLOGY

Monitoring systems, smart-energy management, software, automation and analytics.

PLANT & MANUFACTURING SOLUTIONS

Solar manufacturing machinery, testing equipment, automation and production technologies.

INDIA'S SOLAR ENERGY OPPORTUNITY

A Sustainable Tomorrow, Powered by Solar

INDIA'S SOLAR ENERGY OPPORTUNITY

India's transition towards clean and renewable energy is creating a growing ecosystem of manufacturers, developers, EPC companies, technology providers, distributors and service providers.

SOLAR PV & MODULES

Solar panels, PV modules, bifacial modules, high-efficiency and advanced PV technologies.

INVERTERS & POWER ELECTRONICS

String inverters, central inverters, microinverters, optimizers and power-conversion technologies.

ENERGY STORAGE & BATTERIES

BESS, lithium-ion batteries, energy-storage systems and energy-management solutions.

SOLAR MOUNTING & STRUCTURES

Rooftop and ground-mounted structures, trackers and solar installation systems.

SOLAR EPC & PROJECT SOLUTIONS

Engineering, procurement, construction, installation and complete solar project solutions.

ELECTRICAL COMPONENTS

Cables, connectors, junction boxes, protection systems, switches and electrical components.

ROOFTOP SOLAR SOLUTIONS

Residential, commercial and industrial rooftop solar solutions.

MONITORING & DIGITAL TECHNOLOGY

Monitoring systems, smart-energy management, software, automation and analytics.

PLANT & MANUFACTURING SOLUTIONS

Solar manufacturing machinery, testing equipment, automation and production technologies.

RENWEX SOLAR EXPO 2027

Provides a platform for companies to connect with the businesses and professionals contributing to this rapidly evolving ecosystem.
